Ex Parte

Ms. Marlene H. Dortch

Secretary

Federal Communications Commission

445 12th Street, SW

Washington, DC 20554

*Re: Advanced Methods to Target and Eliminate Unlawful Robocalls, CG Docket No. 17-59*

**Erratum to ECFS 10509053719803**

The original ex-parte letter (10509053719803) did not fully explain the nature of the document attached. The document attached to the filing was submitted as a contribution to the working group. Parts of the section “Deployment of the SHAKEN Certificate Framework” in the submission were later incorporated into the working group report. Due to time constraints, I then shortened my final minority report to only contain the section “STI-GA Board Selection Process”. The minority report published on the NANC web site reflects my final submission.

Pursuant to Section 1.1206(b)(1) of the Commission’s rules, I am submitting this ex parte notice letter into the above-referenced docket over the Electronic Comment Filing System.

Sincerely,

Henning Schulzrinne

Julian Clarence Levi Professor of Computer Science
